

UCL PET/MRI Methodology Workshop

Dates: 21-23 September, 2016

Venue: Birkbeck College, Bloomsbury, London

Organisers: Brian Hutton, Kris Thielemans, David Atkinson, Simon Arridge, Sébastien Ourselin

Registration: FREE: limited to 100 attendees (see registration details below)

Sponsored by: UCL EPSRC PET/MRI and CCP PET-MR grants

This workshop will focus on development of analysis methods for PET/MRI with the following objectives:

- To present relevant current research at UCL and other centres
- To provide a forum for networking and future planning
- To encourage national collaboration on PET/MRI methods

Invited speakers include: Marc Kachelriess (Heidelberg), Martin Burger (Muenster), Claudia Prieto (KCL), Steven Sourbron (Leeds), PhD students and research fellows from UCL, KCL, Imanova, Manchester.

Draft program: A complete program will be available soon.

Wed 21 Sep	13:30	registration
	14:00-17:30	sessions on UK networks and attenuation correction
	17:30	welcome reception / buffet
Thurs 22 Sep	9:30-13:00	sessions on motion correction and motion modelling
	13:00	lunch
	14:00-17:30	sessions on MR and PET reconstruction and motion
Fri 23 Sep	9:30-13:00	sessions joint PET/MR reconstruction and kinetics
	13:00	lunch
	14:00-16:00	session on clinical indications / applications

Up-to-date information on the workshop will soon be available at

<https://www.ucl.ac.uk/nuclear-medicine>.

There are several hotels nearby but booking early is recommended. The venue is midway between Goodge Street and Russell Square underground stations.

To register go to https://ucl_petmri_symposium.eventbrite.co.uk

Note that there will be a CCP PET-MR meeting on the morning of 21 September, prior to the start of the workshop. This needs separate registration. See

<http://www.ccppetmr.ac.uk>
